Viswa Sushanth Karuturi

(520) 243-3880 | kvsushanth@arizona.edu | linkedin.com/in/viswakaruturi/ | github.com/viswakaruturi

EDUCATION

University of Arizona, College of Science — **Tucson, Arizona**
Bachelor of Science in Computer Science — December 2026
Bachelor of Science in Statistics & Data Science
Minor: Information Science, Technology & Arts

TECHNICAL SKILLS

Languages: SQL, Python, R, Java, C/C++, Bash/Shell scripting
Data Analysis: Data Cleaning, Exploratory Data Analysis, Feature Engineering, Statistical Modeling, Regression
Visualization & Reporting: Streamlit, Tableau, GeoJSON, Dashboard Development, Geographic Visualization
Tools & Statistics: Pandas, NumPy, PostgreSQL, Git/GitHub, Hypothesis Testing, Model Diagnostics, AWS S3

TECHNICAL EXPERIENCE

VIP - Getting to Know U — **Tucson, Arizona**
Undergraduate Research Assistant — January 2026 – May 2026
- Organized structured academic datasets through AWS S3 and DynamoDB storage and retrieval workflows, supporting a university degree-planning platform and its data analysis needs.
- Built data ingestion and transformation workflows to support reporting, analytics, dashboard development, and predictive modeling initiatives.

STAR-X Club – NASA Lunabotics Competition — **Tucson, Arizona**
Software & Autonomy Lead — November 2025 – Present
- Lead ROS-based rover autonomy software development, focusing on navigation, control, and telemetry integration.
- Coordinate software integration across mechanical and electrical subsystems to support reliable rover operation.

University of Arizona, Department of Computer Science — **Tucson, Arizona**
Undergraduate Teaching Assistant — January 2025 – May 2025
- Supported 100+ students in discrete mathematics, including proofs, graphs, trees, and combinatorics, strengthening analytical reasoning and quantitative problem-solving skills.
- Designed and led structured review sessions to explain mathematical concepts and reinforce systematic problem-solving techniques.

PROJECTS

Tucson Crime Insights | *Python, scikit-learn, Streamlit, GeoJSON* | GitHub | Dashboard
- Analyzed 243,127 Tucson Police Department crime records (2018–2025), cleaning missing values, parsing dates, and engineering features to identify patterns across locations and time periods.
- Built an interactive Streamlit dashboard with geographic choropleth maps using Tucson and Pima County boundary data to explore crime distributions across police divisions and city wards.

Financial Collapse Indicators | *R, Statistical Modeling, Regression* | GitHub
- Analyzed approximately 6,000 cross-country observations spanning 1990–2023, applying linear and logistic regression to construct economic instability indicators and examine country-level patterns.
- Applied Box–Cox transformations, Cook's distance, VIF diagnostics, and AIC/ROC-based model selection to assess robustness and identify shadow economy activity as a key predictor.

PROFESSIONAL & LEADERSHIP EXPERIENCE

University of Arizona, College of Information Science — **Tucson, Arizona**
Front Office & Business Operations Student Worker — August 2024 – Present
- Support financial reporting and administrative operations through purchasing-card reconciliation, reimbursement processing, and accurate transaction documentation.

Tucson Meet Yourself — **Tucson, Arizona**
Volunteer Leadership — October 2023 – October 2026
- Progressed from volunteer to Area Captain and Assistant Training Manager, coordinating volunteers and festival teams.
- Developing a volunteer training manual covering festival sections, responsibilities, and operational procedures.

CERTIFICATIONS & ACTIVITIES

Certifications & Training: Data Visualization with Tableau, Python for Everybody (University of Michigan), Python for Data Science, AI & Development (IBM), Agile with Atlassian Jira
Activities: STAR-X Club; Community Volunteering
